Now that I've talked to Lyndsey, I might revise my list or characterize some items on the list as issues they should be prepared to address for the public

Thanks Lily. I'll look over and talk with Angeles about sending to Navy.

John

Dear John,

Attached are updated consolidated questions to the Navy from EPA, Dan Hirsch, and Greenaction. Later I will send updates of EPA questions about Thorium and EJ Task Force questions. In the mean time, below are the emails I sent to the Navy asking to have discussions about questions from EPA and the public. I also attach Tetra Tech inquiries that EPA has received recently so the Navy is aware of the types of questions that could come up.
